SMART SCOOP MEASURING TOOL

Accurate water chemistry is very important, however, very often chemicals poured right into the pool with a “close enough” measurement and application style. The CMP Smart Scoop is designed to make dispensing pool chemicals safer and more accurate for pool professionals and homeowners. This durable, clear scoop not only has graduated measurements, but also proper dosing instructions molded right into the scoop. That’s why this scoop is “smart!”

EMBEDDED APPLICATION GUIDES FOR:

Sodium Bicarbonate, Soda Ash, Cyanuric Acid (CYA),
D.E. Powder, and Standard Cup Measurements

PROFESSIONAL FEATURES

- Large scoop that holds over six cups
- Guides are molded into the scoop, so they will never wear off or fade.
- Clear so you can see exactly what you are measuring
- Chemical resistant, BPA free material
- Durable scoop handle that gives you a firm grip to ease the application of large chemical doses.
