TANK ALERT® EZ

Easy-to-Install Indoor/Outdoor Alarm

Function

The **Tank Alert® EZ** indoor/outdoor alarm offers significant improvements over other alarms currently available for lift pump chambers, sump pump basins, holding tanks, sewage, agricultural and other waste applications.

This easy-to-install alarm features an **innovative, sleek 2-color molded enclosure** which integrates the LED red translucent beacon; the upper half illuminates and horn sounds when an alarm condition occurs. Once the condition is cleared, the alarm automatically resets.

Features

• 2-color molded enclosure offers a distinct look; translucent upper half illuminates in alarm condition

• Removable cover provides greater access for easier field wiring while the internal circuitry remains protected

• Interlocking enclosure features unique sound chamber to amplify the horn while helping prevent moisture from entering

• External mounting tabs for easy installation

• Enclosure meets Type 3R water-tight standard

• Enclosure has indicator marks on bottom for easy placement of cord entry locations

• Automatic alarm reset

• Alarm test/horn silence switch

• Green power on LED indicator

• Includes auxiliary contacts for remote devices

• Includes 15' SJE SignalMaster® control switch

• Alternative float models for high or low level alarm

• Optional terminal block models available

• 240V models available

Models	Description
• **1036589**	TA EZ, High, 15' SJE SignalMaster®
• **1036591**	TA EZ, High, No float
